

Case Management

Our Case Managers are hand selected for their expertise and experience.

Experts in their profession, with an extensive knowledge of local services, rehab providers and therapists.

The team is led by highly experienced and skilled Senior Case Managers, overseen by industry leading Clinical Directors.

Our Case Managers are supported by a 2nd Case Manager, Case Manager Assistant and a team of professionals based at Head Office; ensuring that there is always someone available to assist you.

Case Load Managed and regularly supervised, our Case Managers will keep you updated, in the communication style and frequency of your choice.

We are also able to offer bilingual Case Managers.

Expert Witness

We pride ourselves on providing experienced practising professionals with excellent communication skills who can listen to the client and use their in-depth knowledge to prepare high quality, clinically correct and up to date reports with realistic recommendations for the client's future. Our service offers a fast turn round at competitive rates. Deferred payment scheme available.

Desk top reports.

Occupational Therapy Care

Vocational Rehabilitation  
Speech and Language Therapist  
Tissue Viability

We have also formed a partnership with UkExpertMedical to provide an end-to-end expert witness report service.

From pagination and medical record collation through to rehabilitation and expert witness reports.

Through this unique partnership we can provide a one-stop shop for all Medico-Legal matters.

We can handle any volume of instructions across all case types, but we'll never compromise on the responsiveness and personal service you've come to expect from us.

Mental Capacity Assessments

Our Mental Capacity Assessment service offers a range of Mental Capacity Assessments (MCA) completed by a member of our skilled and experienced multidisciplinary team.

Our assessors can complete COP3 documentation and provide full written reports of the assessment and outcome.

We can also provide retrospective assessments of mental capacity.

Did you know that you can instruct Circle Case Management to conduct a Mental Capacity Assessment for your client if we are not providing their Case Management?

We have a growing team of assessors throughout the country that have different specialities and experience; no two assessments are the same, so why should the assessors be?

Our Social Work also service offers Deputy Financial Welfare Visits.
