

Injury lawyers who put you first

We know just how devastating the effects of injuries can be, not only upon the injured individual but those closest to them. Many of the people we help have suffered injuries which are life-changing. Helping our clients to quickly access the care, treatment and support they need in order to get their lives back on track is always our priority. Ashtons Legal are proud to be independently recognised as one of the top law firms in the UK for personal injury claims and offer a personal injury service which we believe is second to none.

Our Approach

You will find our specialist lawyers are passionate about what we do. With decades of experience, exceptional legal skills and a sensitive, personal service focussed on YOUR needs, we are committed to helping our clients access all the help, support and guidance needed at this difficult time.

To achieve the right result, it is important that the right team are working for you and we believe we are that team. We will work closely with you and those closest to you, to identify and then achieve your goals.

We understand that most of our clients have never been in this situation before and it can be a confusing and difficult time. We will do all we can to help reduce the stress and strain placed upon you and your loved ones, right from the start, working closely with you each step of the way.

We take our responsibilities very seriously. We are here to help you recover as much quality of life as possible, as quickly as possible. As part of this, as well as having access to many of the best providers of care and rehabilitation, we also have our own Rehab Co-ordinators who are on hand to ensure our clients are receiving the level of support and assistance they need. They are also there to offer practical advice, support and assistance to help our clients and their families better understand and cope with the situation.

As well as being committed to getting you the best care and treatment, we are also committed to helping you achieve the best financial outcome within the legal framework. This not only includes the final settlement but also by ensuring, where possible, that essential financial support is available throughout the claim process (by way of 'interim payments'), whilst you undergo treatment and the final settlement figure is worked towards.

Who we are

We pride ourselves on our strength in depth. Ashtons Legal have over 20 lawyers in the 50 strong Personal Injury team, who handle the widest range of injury claims. Whether you suffered injury on the road, at work, on someone else's premises or elsewhere, our specialist injury lawyers will be able to help.

Some of the key contacts within our injury team are:

Richard Foyster is Head of Personal Injury and specialises in complex, high value injury claims, usually following road accidents or accidents at work, where life-changing injury has been suffered. He has a reputation for taking on and winning cases, which others have turned away.

Michael Wangermann is Head of Injury Services and represents clients who have sustained medically complex and challenging injuries. He has a particular interest in cycling accidents, accidents abroad, fatal accidents and claims involving children.

Tom Ranson is a Partner with over 30 years' experience who advises on all aspects of injury litigation but has a particular interest in complex poly-trauma and causation cases; typically those involving spinal injury, psychiatric trauma, chronic pain and traumatic brain injury.

Andrew Wilson is a Consultant Solicitor who has a wealth of experience acting for those who have suffered catastrophic injuries, including brain and spinal injury and amputation. He also specialises in occupational disease, including mesothelioma. He qualified as a solicitor in 1988.

Graham Heywood is a Senior Associate with over 40 years' experience across the broad spectrum of injury claims. His practice focusses on claims involving brain injury, spinal injury and amputation cases.

Nick Peake is a Senior Associate who has been acting for injury victims since 1991. He has a varied caseload, which typically involve complex medical and legal issues.

Roger Loomes is a Senior Associate who specialises in complex claims, in particular those arising from workplace accidents, public liability incidents and accidents abroad. He has over 30 years' experience.

Results

Over the years, Ashtons Legal have secured many millions of pounds worth of compensation for our clients. Some recent successes on behalf of our clients include:
