10:10 From Trauma to Triumph - Leon Clarkson, Rehabilitate Therapy Ltd

Leon will be discussing how he has battled numerous challenges following his brain injury, including trying to find a new identity, struggling with his emotions around his family and friends and the challenges they faced as they struggled to understand his brain injury. Furthermore, he will be discussing how he overcame these struggles and will particularly focus on the importance of having peer support and how being part of a brain injury community was a key factor to his own rehabilitation.

10:40 Coffee & Networking

11:10 Managing client's expectations in case management - Anna Watkiss, Clinical Lead, TBL

Anna will review expectations clients may hold and how they are formed, before looking at what happens when clients' expectations don't meet their reality. Anna will present some of the scenarios where clients could hold unrealistic expectations. Anna will give strategies and suggestions for managing clients' expectations positively and then specifically, how to establish realistic expectations within the various settings of litigation and deputyships, the case management process and rehabilitation outcomes.
